pretence Wanted
e immediately from 16 to
age. One that has worked
less would be preferred.

State elections were held in Indi-
anah, North Carolina, Tennessee,
Arkansas and Texas, on the first
day in August.

On the first page will be found an in-
teresting letter from Oregon, and a call for
meeting at Cathart Post Office, to consult
upon and form a company to emigrate to
Oregon.

Geo. E. Gordon, the whig candi-
date for Prosecuting Attorney in this
the 8th Judicial Circuit, is reported to have
been elected by a majority of 5. The
official result has not yet been received.

E. H. McMahon, Esq. of Fort
Wayne, has received the appointment of
Judge of the 12th judicial circuit, vice
James W. Borden, resigned.

The Democratic majority in the
Indiana State Senate will probably be
about 30; and about the same in the House.
Next week we will be enabled to pub-
lish the list of Senators and Representa-
tives elect—several additions are made
this week that were not in last week's pa-
per.

Mr. Haydenfelt has been appoint-
ed by Gov. McDougall, United States
Senator from California, to fill the vacan-
cy of Col. Fremont, whose term has ex-
pired. The Legislature meets soon af-
ter Congress convenes, when an election
will be made by the Legislature.

TAKING A SWELL.—The rains of last
Saturday night caused a very sudden rise
in the Tippecanoe river and its tributaries.
They are now falling, and the mills and
machines are again in motion.

AGRICULTURE

Hereafter we shall devote a portion of
the paper to the farming interests, and in-
vite farmers to contribute whatever may
be within their knowledge, experientially,
tending to the advancement of the agri-
cultural interests of the county.

Kendall & Bro's. advertise a late arrival
of Stores at their store in Norway.

The nights for the last two or three
weeks have been uncomfortably cool a
portion of the time. We can account for
it in no other way than that it is caused
by the "freezing" countenances of de-
fected candidates, at the late election.

Cheer up gentlemen 'twill be so some-
times.

Attention is called to the adver-
tisement, in another column, of the Ken-
tucky Mutual Life Insurance Company,
Lexington Ky. We think that no person
who is not in easy circumstances, could
invest a small amount of money to a great
advantage than by taking out a life policy
for the benefit of his family or friends.
D. Turpie, Esq., is Agent for this place,
from whom necessary information may be
obtained and policies secured.

A CARD.

The undersigned respectfully renders
his hearty and sincere acknowledgments
to his political and personal friends for
their support for the office of County
Auditor, and congratulates them upon the
successful issue thereof, in despite of the
efforts of several, mainly opponents, and
gratified friends. He will endeavor to
justify their confidence by a prompt, faith-
ful, and impartial discharge of his official
duties. He also hopes, in his private and
official intercourse with the very respect-
able minority who opposed him, to con-
vince them, that he is not so bad a fellow
as he may have been represented.

For the information of all those sincere-
ly inquiring where the Auditor's office
may be found, after his election, he
would say, that after mature deliberation,
he has concluded to hold it in Town, and
not out on the Grand Prairie, as has been
reported. The reasons leading him to this
determination, it is perhaps, unneces-
sary to detail—one however, which had
great force in his view, is the fact that it
cannot be legally held elsewhere. In-
stead in this little being his duty, he
would state, that the business, when
conducted, would be conducted. He has
no special arrangements, and prob-
ably will not, without some serious con-
sideration on the part.

T. N. THOMPSON.

Terrible Steamboat Explosion.
St. Louis, August 11.
The boilers of the steamer Daitch ex-
ploded last Saturday at Peoria. A new
boiler had just been in, steam raised, and
she went up the river about a mile to get
wood, when the explosion took place.—
Eleven were killed, ten badly wounded,
and many others hurt.

Killed.—Mr. Haydon and two chil-
dren; Mr. Baker, wife and child; Miss
Marrietta Foster, Charles Vansyole, and
three children of Benjamin Woodworth.

Dangerously Wounded.—Henry Barber
part owner of the boat, since dead; Capt.
Woodworth; Alpheus Chapman, engineer;
John Sully, M. Thompson, David Rob-
bins, Anna Culler, Robert McKee, Ed-
ger Chase, and Milton Home.

Slightly Injured.—Mrs. Barnes and
child, Chapman and child, Mrs. Shelby,
Mr. Moffit and wife, Mrs. Hayward and
two children, Mrs. Thompson and three
children, James Lathie, Mrs. Emma, and
Edward Roe, John Palmer, Anne Ka-
wick, Anna Hopkins, and Pitts Hopkins.

The boat was built at Sargass, Michi-
gan, and was bound for Minnesota. She

was intended for the accommodation of
a settlement in Minnesota, to be formed
by the persons on board.

A treaty has been concluded with the
lower band of the Sioux Indians.
St. Louis is healthy. No cholera.

ARRIVAL OF THE PROMETHEUS

Two weeks later from California.

New York, Aug. 13, 8 P. M.

The steamer Prometheus, from San
Juan, Nicaragua, on the 4th, arrived this
morning bringing San Francisco dates to
the 15th of July.

She brings three hundred and sixty
passengers, \$200,000 in gold on freight,
and \$300,000 in the hands of passengers.
The Pacific left San Francisco on the
15th and arrived at San Juan Deluel on
the 29th of July. The passengers then
had fifteen miles of land to travel and
came thence by steamer across Niara-
gus Lake and down the San Juan river.—
They express great satisfaction with the
new route.

The only event of exciting interest that
had occurred at San Francisco had been
the trial and execution, by the vigilance
committee of a desperate character, na-
med James Stewart. He was executed
at 1 o'clock on the 11th, at the end of
Market warf, in the presence of five thou-
sand citizens.

At Sacramento, Marysville, Stockton,
and other places, the citizens had been
compelled to act in their own behalf, the
laws being inadequate, and their admin-
istration inefficient. The execution of
Stewart had created great excitement at
Ranfrate, and the conduct of the vigilance
committee had been approved of through-
out the country.

CINCINNATI, Aug. 13.

Flour unchanged; 200 bbls. sold at 3-
25-Cheese 6 1/2c. Nothing doing in pro-
visions. Sugar in fair demand and
steady prices.

What is the Bloomer costume, but the
application of the higher law to petticoats?

The Whigs of the parish of West Bat-
ton Rouge, assembled in convention, de-
clared in favor of Mr. Fillmore as the next
presidential candidate.

The debts of all the States in the Uni-
on amount to \$200,000,000

TEA IN SOUTH CAROLINA.—The

Charleston Courier notices the ar-
rival in that city of Frances Bon-
nyne, a gentleman who has spent
fourteen years in the east, actively
engaged in the cultivation and
manufacture of indigo, sugar, salt-
petre, tea, and coffee, and whose
present object is to introduce in-
to the Southern States the culture
of the tea plant, &c., and the man-
goe tree, date tree, coffee plants,
&c., and the melons and vegeta-
bles of the east Indies, and to carry
out the manufacture of the tea
leaf, and also of the indigo plant
and to give a full and fair trial to
both tea and indigo.

Mr. Bonnyne says that the soil
and climate of the southern states
are more suited to the cultivation
of tea than those even in China,
and that the indigo, which was,
by-the-by formerly produced in
the southern states, can be grown
to any extent, and that the coffee
plant, in all probability, would
flourish there to great advantage
inasmuch as the soil and ur dula-
ting nature of the lands would be
in its favor, and the cold of the
latitude of Charleston is not so in-
tense by thirteendegrees, as that of
the east of China. In fact, Mr.
Bonnyne has seen this plant grow-
ing wild in latitude 27 deg. 30 min.
on hills of from three to five hun-
dred feet in high, where there
was an abundance of frost,
snow, and hail.

Cooking Stoves.

50 warranted signs, also, Pattee and Box
Stoves, just received from Cincinnati,
which will be sold at reduced prices.
